### **PROJECTS**

**Shopping Cart** Link

Developed an e-commerce web application featuring a secure payment gateway, built with Node.js and Express is. This platform supports user authentication, product browsing, cart management, and order tracking.

**Chat Room** Link

Real-time chat application with individual and group messaging, built with the MERN stack and Socket.io.

**OLX-Clone** Link

Designed a buy-and-sell platform inspired by OLX, allowing users to post and purchase secondhand products. Built with React.js and Firebase.

**Personal Website** Link

Designed and developed a responsive personal website to showcase my portfolio and skills, featuring smooth navigation and an interactive user interface. Built with React.js and Bootstrap.

#### **ACHIVEMENTS & CERTIFICATES**

- · Achieved MEAN / MERN Full Stack Certificate National Council for Technology and Training
- Achieved Google IT Support Professional Certificate
